Although we have made many improvements over the last year, The Administrative Council determined that in order for the CW3 Extreme Club to continue to support the youth in our community with consistent opportunities to develop their soccer abilities we had to consider hiring a Director of Coaching. After a thorough candidate search this winter, the Club feels we have hired a fellow community member with the highest professional coaching credentials, a very thorough professional playing experience, and furthermore an integral part of MSYSA coaching education system. CW3 Extreme Soccer Club is pleased to announce the naming of George Janovich as our Director of Coaching.

George is currently operating his own Select and Premier Soccer Club, the Athletic Training Academy. We are also please to announce that the combination of our clubs will offer a more complete and diverse opportunity to our community so that more players can find teams that match their skills and abilities.

George's credentials include:

- USSF B License
- USSF National Youth License
- Current MSYSA Regional Director of Coaches Education
- ODP Evaluator
- NSCAA National Goalkeeping Diploma
- Former Coaching Director of LAYSL
- Former Canadian National Youth Team member
- Former Professional player with:
 - Detroit Wheels
 - Michigan Madness
 - Toronto Jets
 - Winnipeg Fury
 - London Lasers
 - Diosgyor – 1st Division Hungary

George has already conducted Coaching Clinics for CW3 House and Recreational coaches this spring in his role as MSYSA Regional Director of Coaching Education. George is currently conducting CW3 Extreme Free soccer clinics to our House and Recreational players starting this Friday and will continue thru this spring. George is working with the Administrative Council and is heavily involved with all aspects of planning for next year. As a Club we will host an Individual Camp for CW3 Soccer Association and will also support Walled Lake Community Education program by hosting evening clinics and a camp this summer.

With George's professional advice and guidance, the Administrative Council looks forward to our Club's future. We will provide excellent and consistent soccer development opportunities to our community for a reasonable rate and keep talented players in our community more reason keep playing in our community.
