
CW3 House League Playing Time Policy

Objective: The purpose of this policy is to ensure that all House players are provided with as much of an equal amount of playing time in a game as is reasonably possible.

Policy: Every effort should be made to ensure that all players receive as much of an equal amount of playing time in each game as is reasonably possible.

Depending upon team numbers, it is desired that each player reporting to a team who is present at the start of the game play at least 50% of the game, unless otherwise unavailable for the game or a portion thereof.

No player shall play more than 75% of a game unless there are not enough players to support less play time.

Failure to comply could result in corrective action pursuant to the Coaching Policy.
